ANNOUNCEMENTS

KINGSTON TO HAVE FIREMEN'S MUSTER.

\$325 in Prizes Offered.

The Rhode Island State Firemen's the Knode Island State Friedman League have voted to hold the annual state muster on Friday, Sept. 15, in connection with the annual Kingston State Fair, at a special meeting held in the headquarters of the Providence

Veteran Firemen's association.

The invitation was extended through the Peace Dale Fire department, when it was announced that the Washington County Fair association had decided to renew last year's offer, and award prizes amounting to \$325. In addition, the league will give a trophy consisting of American finass and standards for the best engine play

and standards for the best engine play and fastest hose reel run. Some of the members were not in favor of the muster at first, expressing the belief that not enough interest had developed in the affair to make it a success. Emphasis was placed on last year's experience at Kingston, when only four engines turned out for three prizes.

John H. Sullvan reported for the muster committee that the fair association had agreed to stage a muster for the third time. The other members of the committee are John Towers and Peter Murney of Peace Dale. The former spoke for the Narragansett Steam Engine company, inviting the ontire league to attend the muster as the latter's guest.

as the latter's guest.

As the result of a vote, Secretary-Treasurer Frederic W. Cady read the names of the 21 five companies which are claimed to be behind on their dues. Some of the members expressed the patient, that the system of patients. opinion that the system of notifica-tion was at fault, and that bills should be sent to the companies annually.

A proposal to make the musier at Kingston an annual event by signing a five-year contract was considered, but

no action was taken. President Fred H. Clark presided and 19 of the 72 organizations in the league were represented.

In these strentions and declarate of days of dramatic art, character ichievements, like Omne's prophets soon are covered with dust, yet it is soon are covered with the the no lifle beast to say that to the theatregger of discretion, May Rob-son's "Mrs. Matt" will long occupy son's 'Mrs. Matt" will long occupy a riche in the memory after many of the bixarre "successes" have faded into nothingless. The distinguizhed comedienne is offering an elaborate oroduction of "The Making Over of Mrs. Matt" this senson, and will be seen at the Davis theatre, Friday evening, August 15th. May Robson's 'Mrs. Matt' is better than a sermon, for it presches a philosophy so hu-Min. Matt' is botter than a sermon, for it preaches a philosophy so humin, so homely and so kindly that no one wishes to dodge it. It is better than medicine for it is so much pleasanter to take. It is one of those rare delights from which age does not take the spatike. It is peedies to state that the comodienne has secured a cast and surrounded herself with a production and recessories in keeping with her well-known reputation for doing things right.
